

ISA...promoting the professional practice of arboriculture

The Patron Program provides resources that allow ISA to focus on leadership development within your organization's network, student outreach opportunities, and public education.

With your patronage, ISA supports:

Leadership Development

- The ISA Leadership Workshop provides networking opportunities to ISA leaders from around the world for exchange of innovative ideas and learning about trends affecting our industry.
- ISA enlists renowned association speakers to provide quality education on organizational governance, volunteer engagement, and continual operational and process improvement.
- The ISA Leadership Workshop networking sessions provide components with valuable opportunities to share ideas and learn from one another.

Student Opportunities

- Your support allows students to receive electronic benefits from ISA—FREE of charge!
- With support from Patrons like you, ISA student membership has shown significant growth over the last several years.

Public Outreach

- The Patron program supports global initiatives.
- ISA is committed to translations of educational and consumer materials to promote the global knowledge of proper tree care.
- *TreesAreGood.org* is an educational website providing homeowners and other tree owners with reliable information regarding the benefits of trees and how to properly care for trees in an urban environment.

With patrons like you and others in our industry, we can make the world a better place, one tree at a time!

Caitlyn Pollihan
ISA Executive Director
